Editorial 1

Ventral Fixation of the Uterus and its Alternatives: Remarks Introductory to a Discussion. By G. Ernest Herman, M.B. (Lond.), F.R.C.P., F.R.C.S., Consulting Obstetric Physician to the London Hospital 3

Withdrawal of the Liquor Amnii: a Cause of Fœtal Death and Placental Changes; an Experimental Investigation in the Rabbit. By B. P. Watson, M.D., F.R.C.S. (Edin.), Freeland Barbour Fellow, late House Surgeon, Royal Maternity Hospital and University Gynæcological Ward, Royal Infirmary, Edinburgh 13

A Case of Malignant Teratoma of the Ovary. By Leonard S. Dudgeon, M.R.C.P. (Lond.), Bacteriologist to St. Thomas's Hospital, and Joint Lecturer on General Pathology in the Medical School; Director of the Louis Jenner Clinical Laboratory, and of the Pathological Laboratories, St. Thomas's Hospital; Erasmus Wilson Lecturer, Royal College of Surgeons of England ... 28

Some Points in the Causation of Pelvic Suppuration. By G. Rothwell Adam, M.D. (Melb.), M.B., C.M. (Edin.), Lecturer on Obstetrics and Gynæcology, University of Melbourne; Hon. Surgeon, Women's Hospital 35

Two Cases of Primary Carcinoma of the Female Urethra. By Florence N. Boyd, M.D., Senior Surgeon to the New Hospital for Women 40

Two Years' (Major) Operative Gynæcology in the Rotunda Hospital, Dublin: A Record of Personal Experience. By E. Hastings Tweedy, F.R.C.P.I.... 73

A Case of Fibro-myoma of the Uterus undergoing Sarcomatous Change. By W. S. A. Griffith, M.D., and Herbert Williamson, M.B. 84

On a Case of Pyelonephritis of Pregnancy. By W. Anstruther Milligan, M.B. (Aberd.), F.R.C.S. (Edin.) 95

On the Treatment of Puerperal Eclampsia by large doses of Morphia, with a series of hitherto unpublished statistics from the Rotunda Hospital, Dublin. By Roger de la Harpe, M.D., Switzerland 102

Delivery of the Hydrocephalic Fœtus by Spinal Tapping: A Second Case. By J. W. Ballantyne, M.D., F.R.C.P. (Edin.) 106

151039

Page

Recent Researches into the Bacteriology of Peritonitis in Relation to Pelvic Surgery. By PERCY W. G. SARGENT, M.A., M.B., B.C. (Cantab.), F.R.C.S. (Eng.)... 161

Example of a Pelvis Deformed in Consequence of Infantile Paralysis. By J. B. HELLIER, M.D. (Lond.) 177

A Second Case of Abdominal Ovariotomy during Labour, with Remarks. By HERBERT R. SPENCER, M.D., B.S., F.R.C.P. ... 180

On Paravaginal Section: with some illustrative cases. By Sir WILLIAM SINCLAIR, M.D. 241

Hæmatology of Pregnancy and the Puerperium. By J. C. M. GIVEN, M.D., M.R.C.P. (Lond.), ... 261

On Adeno-Cystoma Ovarii Sarcomatodes. By FRANK E. TAYLOR, M.Sc., M.A., M.B., M.R.C.P., F.R.C.S. 268

A Case of Chronic Inversion of the Uterus of Puerperal Origin. By EWEN J. MACLEAN, M.D., C.M. (Edin.), M.R.C.P. (Lond.), F.R.S.E. 286

A Contribution to the Operative Treatment of Puerperal Pyæmia, with Report of a Successful Case. By ARCHIBALD CUFF, B.A., M.B., B.C., F.R.C.S. 317

A Contribution to the Study of the Sub-Chorial Hæmatoma of the Decidua (the Blood Mole). By ALICE M. HUTCHISON, M.D. (Edin.) 323

Three Cases of (so-called) Double Uterus with a table of 100 collected cases. By G. SCOTT MACGREGOR, M.D. 336

Angiomatous Fibro-myoma of the Uterus. By W. BLAIR BELL, M.D., B.S. (Lond.), and H. H. CLARKE, M.A., M.B., B.C. (Cantab.) ... 348

Ovarian Pregnancy, with an account of a hitherto unpublished case. By JAMES K. KELLY, M.D., F.F.P.S.G., and A. LOUISE MCILROY, M.D. (Glasg.), L.M. (Rot. Hosp.) 389

A Clinical Experience of Ectopic Pregnancy and Allied Conditions. By F. W. N. HAULTAIN, M.D., F.R.C.P. (Edin.) 403

Extra-uterine Gestation associated with Uterine Fibro-myomata. By FRANK E. TAYLOR, M.Sc., M.A., M.B., F.R.C.S., M.R.C.P. ... 412

The Diagnosis of Early Extra-uterine Pregnancy. By W. ANSTRUTHER MILLIGAN, M.B. (Aberd.), F.R.C.S. (Edin.) 423

SELECT CLINICAL REPORTS.

A Case of Abdominal Pregnancy in which the Fœtus was Removed Six Months after Spurious Labour at Term. By EWEN J. MACLEAN, M.D., M.R.C.P. (Lond.), F.R.S. (Edin.) 434

Abdominal Pregnancy continuing to Term and terminating Twenty-seven Months later in Discharge of Fœtus per Rectum. By JANE MARSH, M.D. (Brux.), L.R.C.P. and S. (Edin.) 438

A Case of Tubal Mole; Operation during the Process of Abortion. By JOHN PHILLIPS, M.A., M.D. (Cantab.), F.R.C.P. 443

Intra-mural Rupture of a Gestation Sac. By COMYNS BERKELEY, M.B., B.C. (Cantab.), and VICTOR BONNEY, M.S., M.D. 446

Cornual Gestation: Rupture: Pregnancy in Opposite Cornu after Operation. By ALBAN DORAN, F.R.C.S. 448

CRITICAL REVIEWS.

INDEX OBSTETRICUS 142

INDEX OF SUBJECTS.

Abortion, tubal, 366
Operation during the process of, 443
Acetone and diacetic acid in a case of pernicious vomiting of pregnancy, the excretion of, 49
Address, valedictory, Edinburgh Obstetrical Society, 308
Adeno-cystoma ovarii sarcomatodes, on, 268
Adenomata, etiology of ovarian embryomata and, 124
Adhesions after Cæsarean section, 68
Adnexa, "pyosalpinx peritonitis," peritonitis following purulent affections of the uterine, 268
See Appendages
Antefixatio uteri, protracted gestation after, 354
Appendages, on the treatment of inflammatory tumours of the, 125
Appendicitis, associated pyosalpinx and, 65
And typhilitis, pregnancy associated with, 352
Resembling tubal pregnancy, 502

Bacteriology of peritonitis in relation to pelvic surgery, recent researches into the, 162
Bartholin's cysts. See Extirpation
Bier's stasis therapy, the application of, to gynæcology, 61
Bladder, on the anatomy of the intra-ligamentary urinary, 227
Bleeding in uterine myomata, on fatal intra-peritoneal, 126
Blood. See Chlorines
British Gynæcological Society, 65, 306, 378
Byrne operation and its application in the radical treatment of cancer of the uterus, the, 56

Cæcum during pregnancy in reference to the association of appendicitis, the situation of the, 350
Cæsarean section, adhesions after, 68, 117
For severe puerperal eclampsia on a child twelve years and eight months old with contracted pelvis, 359
For rachitic pelvis, 376
Cancer of the uterus, the Byrne operation and its application in the radical treatment of, 56
Of the uterus, 307
Of small intestine, case of fæcal mass in cæcum diagnosed as, 311
Of the female urethra, two cases of primary, 40
The prognosis in operations for vulvar, 372
Carcinoma. See Cancer
Cervix, adenomatous polypus of the, 129
Chlorines in the blood and in the urine in the puerperal state, and particularly in eclampsia, on the freezing point and amount of, 114
Chorio-epithelioma following hydatidiform mole, a case of, 59, 230
Colostrum and milk, researches on the cellular elements of, 364
Cord, velamentous insertion of the, 135
Corpus luteum, development and retrocession of the, 232
Cyst, simulating floating kidney, dermoid ovarian, 226
Cysts, the hæmorrhages of twisted ovarian, 54
Sarcomatous tissue in the walls of ovarian, 65
Lutein, vesicular mole, fibroids and, 68
Double lutein, 233
Extirpation of Bartholin's, by a new process, 372

Decidua, (the blood mole), subchorial hæmatoma of the, 323

Degeneration, uterine myo-fibromata and visceral, 369
Delivery, rapid, the etiology of eclampsia and its treatment by, 213
Development and retrogression of the corpus luteum, 232
Dilators, uterine, 131
Diseases, utero-ovarian, and Malthusianism, 304
Drainage, technic employed in the last one hundred laparotomies with the view of restricting the employment of, 62
"Dwarfs," considered from an obstetrical point of view, 361

Eclampsia in the Rotunda Hospital, the results obtained in the treatmen of, 70
On the treatment of puerperal, by large doses of morphia, 102
On the freezing point and amount of chlorines in the blood and urine in the puerperal state, and particularly in, 114
The etiology of, a contribution to the question of treatment by rapid delivery, 213
The presence of sarco-lactic acid in the cerebro-spinal fluid, in cases of, 218
And melancholia, 233
In multiparæ, 291
Sequel to an attack of, 313
Veratrum viride compared with lumbar puncture in the treatment of, 357
Cæsarean section for severe puerperal, 359
Edinburgh Obstetrical Society, 134, 233, 308, 379
Editorial, 1
Education of girls, hygienic and intellectual, 129
Embryomata and adenomata, experimental contribution to the etiology of ovarian, 124
Endothelioma of the ovary, 53
Evolution of operative gynæcology, the, 230
Extirpation of Bartholin's cysts by a new process, 372

Fæcal mass in cæcum, diagnosed as cancer of the small intestine, 311
Fat in mothers' milk, excess of, 363
Female, pyuria in the, 234
Fibroid causing profuse hæmorrhage in an elderly patient, a uterine, 383
Fibroids in advanced age, uterine, 130
Fibroma of ovary, 65
Fibro-myoma of uterus, 65
Uteri with pregnancy, multiple. Abdominal hysterectomy, 69
Of the uterus undergoing sarcomatous change, a case of, 84, 129
Twenty years after the menopause, active growth in, 130
Of the uterus, angiomatous, 348
Uteri, angiomatous, 381
Complicating pregnancy. Abdominal hysterectomy, 383
Fibro-myomata, pelvic impaction of, 131
Intra-peritoneal hæmorrhages in uterine, 299
Death from uterine, 300
Extra-uterine gestation associated with uterine, 412
Fixation of the uterus and its alternatives, ventral, 3, 63
Fœtus, flattened, 135
Aprosopous, 234
Delivery of the hydrocephalic, by spinal tapping, 106, 134
In utero. Radiograph of, 230.
Removed six months after spurious labour at term, 434
Discharge of, per rectum, 438

Gangrene of both upper extremities during the puerperium, on spontaneous, 294
Gestation, repeated tubal, 64
Protracted, after antefixatio uteri, 354
Extra-uterine, associated with uterine fibro-myomata, 412
Sac, intra-mural rupture of a, 446
Cornual; rupture; pregnancy in opposite cornu after operation, 448
An Indian experience of ectopic, 453
Ectopic, 476

Gestation, two cases of advanced extra-uterine, 479
Diagnosis of extra-uterine, by Röntgen rays, 481
On interstitial tubal, with a report of three cases, 487
Repeated extra-uterine in one and the same tube, 492
Lateral laparatomy for ruptured ectopic, 501
Ruptured tubal: tubercular meningitis: death, 503
See Pregnancy
Girls, hygienic and intellectual education of, 129
Glasgow Obstetrical and Gynæcological Society, 235, 310
Gloves in operating, the use of rubber, 69
Gusserow, Adolf, obituary of, 385
Gynæcology, the application of Bier's stasis therapy to, 61
In the Rotunda Hospital, Dublin, two years (major) operative: a record of personal experience, 73
Remarks on conservative, 228
The evolution of operative, 230

Hæmatology of pregnancy and the puerperium, 261
Hæmatoma of the ovary, 66
Of the decidua (the blood mole), a contribution to the study of the subchorial, 323
Hæmorrhage, hysterectomy for, 134
In the child, operation for cerebral, 308
In an elderly patient, a uterine fibroid causing profuse, 383
Hæmorrhages of the new-born, surgical intervention for the intra-cranial, 52
Of twisted ovarian cysts, the, 54
In the new-born, the operative treatment of intra-cranial, 295
In uterine fibro-myomata, intra-peritoneal, 299
Hæmorrhagica neonatorum, 311
Hernia in young children, torsion of the adnexa in inguinal, 367
Hydatid in the female pelvis, with notes of a case of primary hydatid disease of the bladder, 127
Hydatid Disease of the ovary, 366
Hydramnios, two cases of, 377
Hydrosalpinx, intermittent, 368
Hypernephroma, 381
Hysterectomy for hæmorrhage, 134
For acute puerperal metritis and salpingitis, abdominal, 379
Hysteropexy, advantages of "physiological," 58
Pregnancy and labour, 226

Icterus neonatorum, two cases of syphilitic, 293
Index obstetricus, 142
Induction of premature labour, the, 184
Infection in puerperal fever, the methods of, 224
Inversion of the uterus, two cases of acute, 223
Of the uterus of puerperal origin, a case of chronic, 286
Investigations on the occurrence of glandular formation in the ovarian stroma, comparative histological, 120

Kidney, dermoid ovarian cyst simulating floating, 226
Kraurosis vulvæ, two cases of, 128, 130

Labium minus in a pregnant woman, lymphangioma of the, 219
Labour with placenta prævia centralis, missed, 116
A second case of abdominal ovariotomy during, 180
The induction of premature, 184
Ovariotomy during, 230
Four cases of obstructed, 310
At term, a case of abdominal pregnancy in which the fœtus was removed six months after spurious, 434
Laparotomies with the view of restricting the employment of drainage, technic employed in the last one hundred, 62
Laparotomy for ruptured ectopic gestation, lateral, 501
Leucorrhœa, researches on, 371

Ligaments, intra-mural transplantation of the round: the operative treatment of retro-displacements, with a new operation, 57
Liquor amnii, withdrawal of the: a cause of fœtal death and placental changes; an experimental investigation in the rabbit, 13
Lithopædion, 67
Lymphangioma of the labium minus in a pregnant woman, 219

Malthusianism, utero-ovarian diseases and, 304
Melancholia and eclampsia, 233
Meningitis, tubercular: ruptured tubal gestation, 503
Menopause, active growth in a fibromyoma twenty years after the, 130
Metritis and salpingitis, abdominal hysterectomy for acute puerperal, 379
Midwifery, experience of dilating operations in, 220
Milk, excess of fat in mothers', 363
  Researches on the cellular elements of colostrum and, 364
Mole, a case of chorio-epithelioma following hydatidiform, 59
  Vesicular, fibroids and lutein cysts, 68
  Associated with sarcoma of ovary, tubal, 130
  A case of tubal; operation during the process of abortion, 443
Morphia, on the treatment of puerperal eclampsia by large doses of, 102
Multiparæ, eclampsia in, 291
Myo-fibromata, uterine, and visceral degeneration, 369
Myomata, on fatal intra-peritoneal bleeding in uterine, 126

New-born, surgical intervention for the intra-cranial hæmorrhage of the, 52
  The operative treatment of intra-cranial hæmorrhages in the, 295
North of England Obstetrical and Gynæcological Society, 66, 130, 230, 381

Obituary, Adolf Gusserow, 385
Obstetrical Society of London, 63, 129, 230, 374
Occlusion of the vagina, vesico-vaginal fistula, trans-vesical impregnation; Porro's operation, complete præ-uterine, 291
Œdema of the lungs complicating pregnancy, 48
Operation for cerebral hæmorrhage in the child, 308
Operations, two vaginal, 132
  Some points of interest in a series of two hundred and eleven major, 136
  In midwifery, experience of dilating, 230
  In the treatment of uterus didelphys, conservative, 302
Ovarian, malignant, tumours in children, 296
Ovaries, various pathological conditions of the tubes and, 235.
Ovariotomy during labour, a second case of abdominal, 180
  On a woman of 87, 298
  During labour, 230
Ovary, case of malignant teratoma of the, 28
  Endothelioma of the, 53
  Fibroma of, 65
  Hæmatoma of the, 66
  The healing of wounds of the, 123
  A third, 365
  Hydatid disease of the, 366
  Malignant tumours of, in children, 296

Palsy, a study of brachial birth, 51
Paralysis, examples of a pelvis deformed in consequence of Infantile, 177
Pathological Society of Manchester, 232
Pelvic surgery, recent researches into the bacteriology of peritonitis in relation to, 161
Pelvis, hydatid, in the female, 127
  Deformed, in consequence of infantile paralysis, example of a, 177
  Cæsarean section for rachitic, 376
Perineum, two cases of operation for incomplete rupture of, 376

Peritonitis, bacteriology of, in relation to pelvic surgery, 161
Following purulent affections of the uterine adnexa, "pyosalpinx peritonitis," 368
And the staphylococcus albus, 374
Photographs, stereoscopic, 234
Physiology of reproduction, contribution to the, 289
Placenta with a single amniotic cavity, twin, 48
Prævia centralis, missed labour with, 116
Polypi, two uteri containing malignant, 382
Polypus of the cervix, adenomatous, 129
Pregnancy, pyelonephritis in, 46
Œdema of the lungs complicating, 48
Tubal, associated with intra-uterine, 65
Ovarian, 69
Multiple fibro-myoma uteri with, abdominal hysterectomy, 69
On a case of pyelonephritis of, 95, 129
And labour, hysteropexy, 226
And the puerperium, hæmatology of, 261
On simultaneous extra and intra-uterine, 293
In a bicornute uterus, 309
The situation of the cæcum during, in reference to the association of appendicitis in pregnancy, 350
Associated with appendicitis and typhilitis, 352
The toxæmia of, 355
Pregnancy and allied conditions, a clinical experience of ectopic, 380, 403
Ruptured ectopic, 381
Two cases of fibro-myoma complicating. Abdominal hysterectomy, 383, 403
Ovarian, with an account of a hitherto unpublished case, 389
The diagnosis of early extra-uterine, 423
A case of abdominal, in which the fœtus was removed six months after spurious labour at term, 434
Pregnancy,
Abdominal, continuing to term and terminating twenty-seven months later in discharge of fœtus per rectum, 438
Recent work on tubal, 454
Persisting beyond the normal period of gestation, abdominal, 476
Full term tubal, 479
Contribution to the study of extra-uterine; primary abdominal variety, 481
Ovarian, 482
On ectopic, 484
A case of ruptured interstitial, 489
Repeated in the same tube, 490
On simultaneous extra- and intra-uterine, 492; notes on literature on, 499
On true and apparent tubal, 501
Appendicitis resembling tubal, 502
See Gestation
Prolapse of the uterus in virgins and nulliparæ, 59
Puerperal fever, the methods of infection in, 224
Puerperium, on spontaneous gangrene of both upper extremities during the, 294
Pyæmia, a contribution to the operative treatment of puerperal, with report of a successful case, 317, 384
Pyelonephritis in pregnancy, 46
Of pregnancy, 95, 129
A note on two cases of puerperal, 376
Pyosalpinx and appendicitis, associated, 65
Pyuria in the female, 234

Radiogram of fœtus in utero, 230
Raynaulde's "Byrthe of Mankynde," 135
Reproduction, contributions to the physiology of, 269
Retro-displacements, with a new operation, the operative treatment of: intra-mural transplantation of the round ligaments, 57
Retroversion of the gravid uterus, a contribution to the therapeutics of, 360

Reviews of recent books:—
'A System of Surgical Nursing, with an Appendix containing useful Formulæ, emergency drill, etc.,' McGregor, 316
'A Text-book of the Practice of Gynæcology for Practitioners and Students,' Ashton, 387
'Clinical Obstetrics,' Jardine, 236
'Die Krankheiten des Beckenbindgewebes (Diseases of the Pelvic Connective Tissue),' unter Mitwirkung v. J. A. Amann, jun., O. Busse and Ph. Jung, 138
'Gynæcological Diagnosis: a Manual for Students and Practitioners,' A. Giles
'Operative Gynäkologie,' A. Doderlein
'Semmelweis's Gesammelte Werke,' 240
Röntgen rays, diagnosis of extra-uterine gestation by, 481
Rotunda Hospital, the results obtained in the treatment of eclampsia in the, 70
Dublin, two years' (major) operative gynæcology in the, 73
Royal Academy of Medicine in Ireland, 70, 135, 312
Rupture of the uterus with subsequent abdominal hysterectomy, 132
Of perineum, two cases of operation for incomplete, 376
Of a tubal gestation sac, intramural, 446
Pregnancy in opposite cornu after operation: cornual gestation, 448

Sarco-lactic acid in the cerebro-spinal fluid in cases of eclampsia, the presence of, 218
Sarcoma of the uterus, an unusual case of, 55
Of ovary, tubal mole associated with, 130
Section, paravaginal, 133
With some illustrative cases, 241
Sepsis in private practice, puerperal, 50
Serum in the treatment of stomatitis and vulvo-vaginitis in infants, the use of antidiphtheritic, 119
Staphylococcus albus, peritonitis and the, 374
Stomatitis and vulvo-vaginitis in infants, the use of antidiphtheritic serum in the treatment of, 119
Stroma, comparative histological investigations on the occurrence of glandular formation in the ovarian, 120
Suppuration, some points in the causation of pelvis, 35

Tapping, delivery of the hydrocephalic fœtus by spinal, 106, 134
Teratoma of the ovary, case of malignant, 28
Torsion of the adnexa in inguinal hernia in young children, 367
Toxæmia of pregnancy, the, 355
Tubes, vaginal drainage, 131
And ovaries, various pathological conditions of the, 235
Tumour, a rare form of pelvic, 60
Tumours of the appendages, on the treatment of inflammatory, 125
Uterine and ovarian, 134
Uterine Fibroid, 234
In children, with report of a case, malignant ovarian, 296
On secondary ovarian, 298
Pregnant uterus complicated with fibroid, 306
Of the uterus causing acute intestinal obstruction, fibroid, 383

Uteri, double, 235
Containing malignant polypi, two, 382
Urethra, two cases of primary carcinoma of the female, 40
Urine. See Chlorines
Uterus, ventral fixation of, and its alternatives, 3, 63
An unusual case of sarcoma of the, 55
In virgins and nulliparæ, prolapse of the, 59
Fibro-myoma of, 65
Fibro-myoma of, undergoing sarcomatous change, 84, 129

Uterus,
Complete rupture of the, with subsequent abdominal hysterectomy, 132
Two cases of acute inversion of the, 223
Fibro-myomatous, 233
Chronic inversion of the, of puerperal origin, 286
Didelphys, conservative operations in the treatment of, 302
Cancer of the, 307
Pregnancy in a bicornute, 309
Three cases of (so-called) double, with a table of 100 collected cases, 336
Angiomatous fibro-myoma of the, 348
Uterus,
A contribution to the therapeutics of retroversion of the gravid, 360
Fibroid tumours of the, causing acute intestinal obstruction, 383

Vagina, complete præ-uterine occlusion of the, 291
Veratrum viride compared with lumbar puncture in the treatment of eclampsia, 357
Vomiting of pregnancy, the excretion of acetone and diacetic acid in a case of pernicious, 49

Withdrawal of the liquor amnii: a cause of fœtal death and placental changes, 13
Woman of 87, ovariotomy on a, 298
